B A Buttress brand

For an Espresso machine
that provides innovative
design, superb quality,
reliability, sheer elegance and
unbelievably good coffee
there's just "one word"
Ellisse.

When in 1901 Luigi Bezzera launched his first Espresso Machine, little did he realise that he would create a coffee drinking revolution and establish Bezzera as the worlds foremost manufacturer of Espresso machines. A reputation that stands strong today and is greatly amplified in the innovative Ellisse espresso machine.

The elegant styling of the sculptured outer casing covers the superb engineered components that are manufactured exclusively by Bezzera to guarantee superb quality and retain a reputation for excellence.

Please rush me details about the innovative Ellisse.
